**CITY MANAGER PRESENTS REPORT IN REGARD TO COMING YEAR'S BUDGET**

The Board of Trustees met in regular session at the City Hall at 8:10 p. m., February 8, 1918. All members present.

The minutes of the last regular meeting were read and approved.

The minutes of the Adjourned Meeting of February 4th, were read and corrected to state that Trustee Muhleman was elected President Pro tem.

A communication was presented addressed to the Board of Trustees and to J. W. Stauffacher, Treasurer, signed by Lillian J. Empey, stating that as owner of Lots 24 and 25 of Houston's West Glendale Tract, demand is made that no bond be issued against the property for the improvement of Milford street between Columbus Avenue and Pacific Avenue, as it is the intention of the owner to pay any assessment against the property in cash at the proper time; reserving, however, all objections as to the regularity and validity of the proceedings. The communication was accompanied by an affidavit as to the ownership of the lots mentioned, signed by Lillian J. Empey and also an affidavit signed by Charles W. Fourl—also testifying as to ownership.

Similar communications in reference to property owned by them accompanied by affidavits, were presented from Mary J. Cronin, Mrs. R. Johnson, Frank C. Peters, William Hildley, Wm. H. Walker and Mary A. Wyman.

On motion of Trustee Muhleman, these communications were referred to the City Treasurer.

Reports of City Clerk, City Treasurer and Tax Collector were received and referred to the Finance Committee.

Reports were received from the Health Officer and the Building Inspector, and ordered to be received and filed.

A communication was read from A. Carlisle & Company, stating that Warrant No. A-5149 amounting to \$4.23, payable to their order issued December last, had been lost and requesting that a duplicate be issued. It was ordered, on motion of Trustee Grist, that a duplicate of this warrant be issued at the expiration of three months from the date of the original; provided the first warrant does not turn up.

A report was filed from a joint committee of City Trustees and Trustees of the Public Library, accompanied by plans for certain changes to be made in the Tropic Branch of the Library, and recommending that a sum not to exceed \$181.00 be expended for this purpose. On motion of Trustee Muhleman, the report was received and recommendation approved and the expenditure authorized, the amount to be taken equally from the Library Fund and General Fund.

The City Manager presented a written report in reference to the budget for the coming year; stating that he desires to begin the preparation of estimates bearing thereon at once, and further, that he believes the time has come for the announcement of a definite policy in regard to the taxation and tax rate. He stated

**J. K. HILL RETIRES**

**V. M. HOLLISTER IS SOLE PROPRIETOR OF VALLEY SUPPLY COMPANY**

J. K. Hill who has been associated with V. M. Hollister in the Valley Supply company has sold his interest to Mr. Hollister who is now sole proprietor of the business. Messrs. Hill and Hollister purchased the Valley Supply business from H. P. Coker a year ago last May the deal involving something like \$20,000. Mr. Hill had come here some time previous to that from Iowa where he had been in the lumber business for thirty-two years. He was not over enthusiastic about assuming new business cares and told his partner he would be ready to retire whenever he was ready to assume entire charge.

The business was in splendid condition when these gentlemen took charge and under Mr. Hollister's excellent management it has grown to such proportions that he is able to purchase his partner's interests. It is such healthy business concerns as this that are the backbone of a community and these gentlemen have earned the regard of those who have dealt with them for their high business principles and ability. Mr. Hill has earned his rest and Mr. Hollister deserves congratulations for his success.

**DRY LEGISLATION**

**CONVENTION DECIDES ON CAMPAIGN TO RATIFY PROHIBITION AMENDMENT**

John Hyde Braly and Rev. Vernon H. Cowsert of Glendale were among those who attended the great convention in Fresno the first of this week for the purpose of organizing the state to ratify the national prohibition amendment.

Delegates to the convention were divided as to the best method of reaching the desired end. Many thought the amendment should be placed on the ballot as in the last two elections but came away from the convention convinced that they had been wrong, and that the method finally decided upon was the right one.

All were impressed with the spirit of harmony that prevailed throughout, each side giving way in a courteous manner that the other might have ample time and opportunity to present their views.

The convention decided on a campaign for a dry legislature, deeming that this was the most economical and efficacious plan. The method of placing the amendment on the ballot, it had been learned by experience was a very expensive one and should the measure pass it could not become effective for two years. By that time we hope for a dry nation. Then should the bone dry amendment appear on the ballot with the Rominger bill the liquor interests would point to the Rominger measure and say "that is the real prohibition proposition, the other is advocated by the extremists," thus dividing the dry vote.

By electing a dry legislature, prohibition legislation can be enacted at once saving much time. The bay district which is the wet part of the state will be ignored and all time and expense placed on those districts where there is dry sentiment thus electing a dry majority at the minimum expense. Candidates will be pledged to work for dry legislation.

**PROGRAM COMPLETE**

**GOODMAN IS RADIO GUNNER**

Mrs. C. T. Tooker of 117 Adams street, entertained Thursday her grandson, Maurice Goodman and his mother, Mrs. Charles Goodman of Palms. The young man has been in the navy for a number of years and is at present radio-gunner on the U. S. S. Saturn. He leaves for San Francisco today from which point he expects to be summoned immediately to the Atlantic coast. He has the distinction of having been on the first ship to come through the Panama canal. He has been in the wireless department of the navy for five or six years.

Ruth and Will Richards cousins of Mr. Goodman went to Palms Thursday evening to attend a farewell party given in his honor.

Representatives of the Lodge will bring the body to this city, arriving at the Tropic station of the S. P. tomorrow morning, Saturday, at 7:10, where they will be met by representatives of the Elks Lodge of Glendale and where the Pulliam Undertaking Company will take charge and conduct the funeral party to the chapel in Forest Lawn Memorial Park. There a brief service in charge of the Glendale Lodge will be held and interment will be made.

(Special Service to Glendale Evening News)

LONDON, February 8.—That Germany had information of the coming of the transport Tuscania and other vessels with important personages aboard is expressed by passengers on ships which accompanied the Tuscania. A distinguished personage aboard another ship who witnessed the sinking of the Tuscania said three torpedoes were fired at his own vessel. It is believed the U-boat commander was advised by the German spy system.

The administration is making a careful check of casualty figures which so far have not deviated from yesterday's estimates of 113 soldiers and 97 others lost.

**BANQUET VICTORS**

**CHAMPION BASKET BALL TEAM ENTERTAINED BY "OVER THE TOP" CLUB**

Thursday evening a banquet was tendered to the Glendale Union High School basket ball team at the High School Cafeteria by the "Over-the-Top" club, a boys' organization of the Sophomore class, to celebrate the winning of the championship of the Central League which was accomplished in the afternoon at the final game of the league series at South Pasadena. The score was 31 to 15 in favor of Glendale. This victory places the Glendale team in the final play-off for the championship of Southern California.

The early part of the evening was spent in athletic sports in the gymnasium, a number of the men teachers being present and participating actively, a boxing match between Mr. Harry Howe and coach N. C. Hayhurst being one of the features winning great applause. After wrestling matches and games of hand ball and basket ball, accompanied by much cheering from the exuberance of victory, adjournment was made to the awaiting banquet.

Mr. Percy R. Davis, head of the mathematics department and humorously dubbed "godfather to the team" by Mr. Howe in a witty speech of congratulation, was toastmaster. Toasts were responded to by Principal George U. Moyses, Athletic Director, N. C. Hayhurst, Mr. Harry Howe, Mr. Houdyshell, Irving Oliver and G. F. Sawyer, of the faculty, and Captain Russell Tummel of the team and each of the members, especially applause being accorded both Captain Tummel and Milton Brown for their star playing of the afternoon.

An enormous cake, inscribed, "Basket Ball Championship, Central League, 1918" graced the center of the festive board and was the object of repeated cheering and applause as were each of the speeches in turn. The evening was a huge success as a "get together" occasion where faculty and students mingled without restraint and with mutual pleasure, congratulating each other and themselves on this athletic success which places the school in its rightfully prominent position among the other high schools of Southern California. The team is expected to make a fine showing in the final play-off for the Southern California championship.

**UNDERWRITERS PATRIOTIC**

The Life Underwriters' Association recently assembled in Los Angeles two hundred strong displayed a high spirit of patriotism when they unanimously passed a resolution sending warm greetings to the soldiers and sailors of Southern California and urging them to take the maximum insurance offered by the United States government, so we are informed by W. B. Kirk, who was present. The resolution urged: "Take the insurance even if you have no dependents. The disability provisions alone are worth many times what the government charges. The government charges you for this insurance only the net cost of insurance at home and the government itself assumes the tremendous burden of the war risk—a task that no private institution could undertake. Under the circumstances no soldier can afford to refuse this offer."

The association has issued a circular addressed to the soldiers and sailors containing this resolution and also a full explanation of the government war insurance plan. This move takes business from the underwriters and is the kind of patriotism that counts.

**TELLS OF WORK IN SOUTH**

A most interesting meeting of the Woman's Home Missionary Society of the First Methodist church was held Thursday at the home of Mrs. A. Judd Shepard, 1535 Pioneer Drive. The program which was in charge of Mrs. C. W. Burket and Mrs. A. H. Wilson was instructive as well as very entertaining.

In a review of the study book, "Under Our Flag," Mrs. R. D. Goss supplemented with some of her own experiences in former years among the people of the south making a program much enjoyed by the thirty members and friends present.

A movement has been launched for a week of song, patriotic and folk songs to be observed by schools, churches, and all organizations which assemble during that week. It is urged in this connection that on the night of February 22d, at every meeting in the United States four stanzas of America shall be sung. Arrangements are now being made for the observance of this week in Glendale schools and organizations.

**FRESH INSTRUCTIONS**

**NEW REQUIREMENTS IN REGARD TO RECORDS OF SELECTED MEN**

Doctors Harrower and Scott put about twenty registrants through physical examinations this morning. They worked under their original instructions as the new regulations for physical examinations have not yet been received.

Chairman Lanterman and Mr. Muhleman went to Los Angeles this morning for a conference with members of the District Board.

The Board is in receipt of new regulations sent out from the office of the Provost Marshal General at Washington which deal with the sending to military duty of registrants, the preparation of papers in connection with this phase of the work, the keeping of accounts of quotas, together with new forms prescribed. They involve changes in two of the principles of the regulations as originally issued, viz.:

1. Credit for all inductions into military service, whether voluntary or compulsory, will be allowed against the current quotas of local boards.

2. Accounts of quotas will be kept by the Provost Marshal General instead of at mobilization camps and at State headquarters. To this end forms 1029 (old) 187-187A, and 187B, have been discarded, and Forms 1029 (new) 1029A and B and 1029 C and D, have been introduced.

Form 1029 (new) is for listing the names and certain other data with respect to men entrained for military duty. Space is provided for notation by military authorities of men who have been entrained but who have failed to arrive at their destination.

Form 1029 A and B is made out individually for each man entrained and is one of the most important forms so far as local boards are concerned since it will be when properly filled out by a board and indorsed by military authorities in such a manner as to indicate the acceptance of the registrant for military service and when filed in the office of the Provost Marshal General, a credit for one man to the local board whose stamp appears thereon.

Mobilization camps or other military stations to which selected men are sent are required to report on this form within one month of the date of induction, the acceptance or rejection of the registrant concerned.

The regulations also set forth a new requirement for "Call Numbers" and provide that the Provost Marshal General shall number each call for men whether the induction of such men is general, voluntary, individual or special, and these calls will be numbered consecutively from 1 upward and a call number will refer only to men of one designated class ordered sent to one designated point. A date will be hereafter specified when the new system will be put into effect.

Chairman Lanterman states that these new regulations are most important and they are very welcome to the local boards.

**WOMEN OF THE PAST**

**MEMBERS OF D. A. R. HEAR OF WAR SERVICE OF WOMEN OF AMERICAN REVOLUTION**

Mrs. J. H. Braly charmingly entertained the General Richard Gridley Chapter of the D. A. R. at her home, 205 North Brand boulevard Thursday afternoon.

Some time ago it was announced that the State Regent would be the special guest and speaker of the afternoon but early in the week it was learned that she would be obliged to visit Claremont on Thursday to assist in the organization of a Chapter there. Miss Cora Hickman was persuaded to fill the vacancy on the program and completely charmed her audience with a wonderful paper on "Patriotic Women of the Past," pronounced by some of her auditors the finest paper of the kind they ever listened to. In the words of one member: "It was very instructive and beautifully given. She wove in many historical incidents of these women of the past, particularly Baltimore women that had come to her through her personal friends and which were not to be found in histories, especially concerning their services in war. Of special interest was her account of a Baltimore woman who demanded suffrage even before the time of the Revolutionary war. It was an altogether charming contribution which was immensely enjoyed by the members."

Mrs. C. W. Houston was named as the delegate of the Chapter to the State Convention which is to meet at Hollywood, and Mrs. Mabel Franklin Ocker was named as her alternate.

## AUSTRALIAN ESTATES FOR RETURNED SOLDIERS

A recent report made by the United States consul in Tasmania, an island State of Australia, includes the following:  
 "The general scheme for the repatriation of returned soldiers contemplates placing them upon the land. At a recent conference between the Commonwealth and the State authorities, it was decided that each state would have to find the land, while the Commonwealth Government would advance up to \$2,433 to improve the holding of each re-

turned soldier and to procure the necessary stock and implements. In this State it was deemed that the Crown lands would prove too difficult to improve to attract returned soldiers, and it was decided to purchase large estates and divide them up into small farms and to use the money advanced by the Commonwealth Government for buildings, fences, and tools. The money expended by the State in purchasing the land, as well as the money advanced by the Commonwealth for improvements, is a lien upon the property and must be repaid in small annual payments. It was also decided by the Commonwealth to advance money to returned soldiers who may desire to rent land. Bills will be introduced into the various Parliaments at once so that this scheme can be put into operation throughout Australia."

## TYPICALLY GERMAN

The New Haven lawyer who wrote "Deutschland uber alles" above his questionnaire, notwithstanding his insolently frank confession that he had the "doubtful honor of being an American citizen," also conferred upon a lot of indignant citizens the honor and pleasure of severely beating him. Then, after he had kissed the American flag and promised future loyalty in order to save his skin, he placed himself beneath contempt by going before a magistrate and demanding the protection of the country he had repudiated and insulted. A thoroughly Teutonic specimen in every particular.

**HELL BROKEN LOOSE**  
**THE WAR THUS CHARACTERIZED BY DR. GUILD OF THE SANTA MONICA OUTLOOK**

A very enjoyable meeting of the Thursday Afternoon Club was held Thursday at the home of Mrs. Joseph Ashton at 222 El Bonita avenue, Mrs. E. V. Bacon presiding in the absence of the president, Mrs. Wesley Bullis.

At the business session which preceded the address, Mrs. Edwin Virden made a report of a meeting of the Woman's City Club which she had attended as the representative of the Thursday Club.

The subject of the meeting as explained by Mrs. Virden, was the Social Insurance Bill providing for taxation which will take the place of the Employers' Liability Act and insurance under benevolent and charitable associations. The initial cost is estimated at \$27,000,000 to \$45,000,000 and the commissioners who will be responsible for the fund will be non-salaried officers. The tax it is proposed to distribute as follows: 40 per cent. against employers, 40 per cent. against employees, the balance to be carried by the State through direct taxation. She stated that it is being vigorously opposed by Senator Brown because it originated in Germany and in his opinion savors of Prussianism, but the advocates of the measure, according to Mrs. Virden, declare that it is in successful operation in fourteen countries and that it need not necessarily follow German methods. Mrs. Virden suggested that it be made the subject of consideration at one of the club meetings inasmuch as it is coming up for the vote of California citizens, and the Chairman of Programs, Mrs. Becker, indorsed the suggestion.

Mrs. Becker announced that the next meeting of the club would be held at the home of Miss Ida Myers on San Fernando boulevard, and that Walton J. Wood, Public Defender of Los Angeles, would be the speaker of the day.

Doctor Guild, Editor of the Santa Monica Outlook, was then introduced as the orator of the day. His theme was "War and the Work of the Red Cross." The Doctor is intensely American, his son and business associate has enlisted and now holds an officer's commission in the Army. He spoke with considerable emotion of the barbaric methods of Germany. He considers that the work of the Red Cross primarily is to shorten the war by conserving human life as far as it can do so, and by laying the foundations of an enduring peace.

"If we should have peace now, with nothing settled, we would be leaving to our children of the next generation a heritage of woe worse than this," he declared. "It must never again be that any nation can disregard in such a way all international law, trample on the lives of smaller nations and utterly set aside all precepts of morality."

"The greatest calamity that ever befell the human race is this war. The fact of the matter is that Hell has broken loose on the earth. If Germany is to win and control this world, we should see that America is made a desert waste before it falls into the hands of that despicable power."

The program concluded with a piano number by Mrs. Edgar Fry who played the beautiful "Fileuse" by Joachim Raff. She was warmly encored and responded with Chopin's lovely Second Nocturne.

Tea and delicious brown bread sandwiches were served by the hostess assisted by her little daughter and a very pleasant social half-hour was enjoyed.

#### PRaise FOR AMERICAN SOLDIERS

In a recent communication to Secretary of War Baker, the commander of the American Expeditionary Forces said:

"There has never been a similar body of men to lead as clean lives as our American soldiers in France. They have entered this war with the highest devotion to duty and with no other idea than to perform these duties in most efficient manner possible. They fully realize their obligation to their own people, their friends and the country. A rigid program of instruction is carried out daily with traditional American enthusiasm. Engaged in healthy, interesting exercises in the open air, with simple diets, officers and men, like trained athletes, are ready for their tasks.
